

# victorwinberg

Master of Science in Computer Science and Engineering

## career objective

Dedicated and focused developer with a passion for programming, problem solving and challenges! My greatest strengths is the willingness to learn new things and my social capacity. Previous work experience as a software developer and functionary of the sections committee responsible for the contact and cooperation with companies.

Looking for a position where I can further develop my skills in programming and problem solving, as well as get the opportunity to learn new technologies. In teams I am cheerful, initiative and cooperative, with a great commitment and hunger for new challenges.
